Dear Bundeskriminalamt [Federal Criminal Police Office],

6 On the webpage of the Verfassungsschutz [Federal Office for the Protection of the
Constitution] a statistic of the Reichsbürger [Reich Citizens] is published, see
attachment. In preparation of international court cases, I would like to ask you to
9 send me the equivalent statistic regarding violent and other incidents with
electromagnetic weapons (so called *Directed Energy Weapons*) in Germany. Please
also provide the Federal state-specific numbers, as for the Reichsbürger.

12 Should it be available in separate detail, I would also be interested in the numbers of
electromagnetic attacks through neighbours, through covertly equipped cars (for
example on the motorway) and through satellites. Should the number of deaths
15 through electromagnetic attacks or targeted electromagnetic torture be known, it
would also be highly relevant for the court cases.

18 Also, I would like to ask you to send me the equivalent statistic regarding implanting
of citizens without their consent or knowledge, torture of citizens with body
implants and other violence with the use of body implants.

I am interested in the time period 2000 to 2017. Should you have statistics for the
year 2018, it would also be of importance for court cases.

Yours sincerely,

Dr. Katherine Horton
